# MxP™ VISION KIOSK

## EXPANDING **BEYOND** GROCERY

The MxP™ Vision Kiosk is a compact modular self-checkout solution that revolutionizes the retail experience by integrating advanced sensor fusion and computer vision. Designed specifically for Quick Service, Convenience, and smaller Grocery retailers, this kiosk enables fast, accurate, and secure frictionless transactions, making it ideal for smaller basket purchases. With its small footprint, the MxP Vision Kiosk fits seamlessly into any retail environment, enhancing customer satisfaction and operational efficiency.

## KEY BENEFITS

Streamlined checkout process reduces wait times

Compact design fits easily into limited retail spaces

A.I.-driven item identification speeds up transactions

Improved loss prevention enhances security

*No barcodes, no scanning, this innovative solution transforms the checkout process into a fast, effortless experience, just place, pay, and go!"*

## TAILORED FEATURES FOR UNIQUE RETAIL NEEDS

Featuring advanced computer vision capabilities, the MxP Vision Kiosk quickly identifies items and provides a user-friendly interface. Integrated loss prevention tools ensure a secure transaction environment, while edge computing allows operations to continue even during service outages.

MxP Vision Kiosk is designed with ELERA IoT Security Suite to reduce shrink and friction at self-checkout. Integrated with Smart pad and EDGE camera technology, the MxP Vision Kiosk provides retailers with the ability to monitor customer behavior and potential loss prevention activities such as double stacking.

### REDEFINING SPEED

Advanced Sensor Fusion and Computer Vision enable a fast, effortless experience with faster transactional speeds

### ACCURACY/SHRINK

A.I.-driven loss prevention tools reduce shrink and error rates, improving transactional security

### DESIGNED FOR RETAIL

Small modular footprint fits seamlessly into your store environment with no modifications required

## SMART, SECURE, AND SCALABLE

The MxP Vision Kiosk offers unparalleled efficiency for retailers, reducing transaction times and enhancing customer experience through innovative technology.

- > **Enhanced Transactional:** Leverages loss prevention tools to reduce shrink and improve labor efficiency
- > **Sustainability Focus:** Compact design reduces operational costs and environmental impact
- > **Improved Customer Experience:** Intuitive interface boosts satisfaction and streamlines the shopping journey
- > **Scalable for Growth:** Seamlessly integrates with systems and adapts as your business evolves

## WHY CHOOSE THE MxP™ VISION KIOSK

The MxP Vision Kiosk's innovative technology and compact design ensures a fast, efficient, and secure shopping experience that meets the demands of modern retail environments.
